

An initiative by the Swiss NCCR MARVEL
“Materials’ Revolution: Computational Design
and Discovery of Novel Materials”
created in 2016 for a 10-year period

An exciting
opportunity for
women at the
Master’s level

Two yearly
deadlines:
15 April &
15 October
running till
October 2025

INSPIRE POTENTIALS

MARVEL MASTER’S FELLOWSHIPS

An initiative to broaden
the opportunities
for women in science

Apply now for a 6-month Master’s research project (CHF 12,000)
in simulation and modelling in a Swiss group belonging
to the NCCR MARVEL: EPFL, ETH Zürich, University of Fribourg,
University of Zürich, CSCS, Empa, IBM, PSI
